“Whatever you need,
we've got the right rental
gear for you.

At TR Group, our goal is to always
deliver the right truck or trailer to our
customers, with the right specification,
ready to work from day one.”

Andrew Carpenter, Managing Director, TR Group

When you rent a truck or trailer from TR Group, our commitment to quality never waivers.

That's why every truck and trailer goes through a rigorous checking process before we hand it over to our customers. That way you can be confident that every vehicle that rolls out our door is in the best possible condition, ready to work, giving you peace of mind and value for money!

The benefits of renting from TR Group

You set the term of the commitment.

- ▶ There's no long term obligation or the associated risks of ownership.

You get modern, fuel-efficient gear.

- ▶ We're constantly updating our fleet to offer the latest specification equipment with market leading technology, the lowest fuel consumption, and class-leading tare weight and payloads.

You're covered 24 hours a day, 7 days a week.

- ▶ Any gear that you rent from us is backed 24 hours a day, 7 days a week by our rental team, which consists of over 50 dedicated experts in their fields.

1,200 
89 

Rental Vehicle Build

Our procurement team works closely with all truck, trailer and body manufacturers to ensure we are choosing and building the safest, most fuel efficient and technically advanced trucks on New Zealand roads.

With over 1,200 trucks and trailers available for rent, across 89 categories and specifications, we believe we have the solution for any project, and if we don't, we'll find one.

6,500 
24/7 

Maintenance

With over 6,500 vehicles under their care, our maintenance team works 24/7 to ensure all our rental vehicles are performing at their optimum. Consequently when you rent a TR truck or trailer you can be confident that it has a documented service history and has been rigorously cared for throughout its life.

Ready to go

Every rental vehicle is groomed and checked prior to going out on hire. On top of this, each vehicle is checked to ensure it's ready for you, in drive-away condition every time.

Our hire equipment is conveniently available from any of our nationwide branches.

You can concentrate on the big picture.

Our rental fleet will ensure you get the job done.

You've got better things to do than worry about maintaining a fleet of trucks and trailers.

Renting a vehicle from TR Group is an easy decision. Whether you have to service a short-term contract based on seasonal demands or you need to cover fluctuating fleet requirements, renting from TR Group means you get the ability to scale up and down quickly, without the risks and long-term costs associated with ownership.

Our modern, fuel efficient fleet of 1,200 vehicles, covering over 89 categories, is backed 24 hours a day, 7 days a week by our team of 50 dedicated experts and are available for hire from any of our 8 nationwide branches. If you're looking to improve your fleet utilisation, TR Group have the solution to service any project, and if we don't, we'll find one for you.
